Any specification on the front-end design?

Preferred only **HTML & CSS**

Basic requirements:

○ The output is expected to be designed as shown in the example image.
○ Use fonts wherever it's required in the design.
○ Use icons wherever it's required in the design.
○ This is a front-end task

How do I submit my work?

● Push all your work files to your Github(https://github.com/) and name your repository.
● Deploy your web application in Netlify (https://www.netlify.com).
● In a text file add Netlify URL, Github repository URL, and last committed hash ID.
● Upload a text file to your drive folder created under your name.

Terms and Conditions?

● You agree to not share this confidential document with anyone.
● You agree to open-source your code (it may even look good on your profile!). Do not mention our company's name anywhere in the code.
● We will never use your source code under any circumstances for any commercial purposes; this is just a basic assessment task.

NOTE: Any violation of Terms and conditions is strictly prohibited. You are bound to adhere to it.
